

Managing Your Bethel YouTube Channel

This page will walk you through the steps of **uploading your video, managing videos you have already uploaded and creating playlists.**

Step by Step

Uploading Videos

Login to your Bethel YouTube account and click the upload button next to the search box at the top of the page.

You now have a number of options to choose from:

- Drag and drop a video file that you have already created
- Record a Webcam video
- Upload images as a Photo Slideshow (you can not upload individual images)
- Create a Google+ Hangout On Air (a live video broadcast that is also recorded)
- Edit video that has already been uploaded

If you are uploading a file you can set its privacy setting here.

Select files to upload

Or drag and drop video files

- Public - any one can view it and is will show up in YouTube searches
- Unlisted - any one can view it but it won't show up in YouTube searches (one needs the link to view it)
- Private - only you can view it (if you have a Google+ account you can share your video with the Bethel Community only)

Here is the link to the YouTube help for using the other upload options ([click here](#))

Managing Videos

To manage your videos click on the icon in the top right corner of the page just to the right of the upload button (if you have loaded an image it will appear in the icon).

You then want to click on the "creator studio" button.

You can then click on the Video Manage link in the left hand box titled "Creator Studio".
