

Where are computer labs located at Bethel?

Summary

Bethel University has several labs on campus for general computer use.

Computer lab and classroom lab information

University Computer Labs	The primary computer labs open to all students, faculty and staff. In rare occasions they are closed for special classes/events.
Seminary computer labs	There are computers located in the Bethel Seminary St. Paul and the Bethel Seminary San Diego for general use.
Classroom labs	These are primarily used for classes but are open as secondary labs when not in use.
Residence computer labs	Each residence has 1-4 computers and a printer located in the building for general use.
Mobile classroom lab	Wireless notebook carts are available for faculty to use in the CLC, AC, BC, CC, HC and RC buildings, Pine Tree Classrooms and Bloomington.
