

# Where are computer labs located at Bethel?

## Summary

Bethel University has several labs on campus for general computer use.

## Computer lab and classroom lab information

<b>University Computer Labs</b>	The primary computer labs open to all students, faculty and staff. In rare occasions they are closed for special classes /events.
<b>Seminary computer labs</b>	There are computers located in the Bethel Seminary St. Paul and the Bethel Seminary San Diego for general use.
<b>Classroom labs</b>	These are primarily used for classes but are open as secondary labs when not in use.
<b>Residence computer labs</b>	Each residence has 1-4 computers and a printer located in the building for general use.
<b>Mobile classroom lab</b>	Wireless notebook carts are available for faculty to use in the CLC, AC, BC, CC, HC and RC buildings, Pine Tree Classrooms and Bloomington.
