

# Changing Your Password in IAM

## Summary

Changing your password in IAM (Identity & Access Management) will affect the password you use to login to anything Bethel related. To change your password, follow the instructions below.

## Details

1. Login to IAM at <https://iam.bethel.edu> using your current username and password.
2. Then click on **Change Password**, under the *Application* heading.
3. Then type in your new password in the *New password* and *Retype password* fields.
4. Once you have typed in your passwords into the fields, click **Change Password**. This will be the new password you use from now on.

## Forgotten Password

If you've forgotten your password, you can enter your username at this link: <https://iam.bethel.edu/sspr/public/forgottenpassword> to send a reset to your recovery account.
