## **Registering Your Device**

1. On a computer or mobile phone open your preferred web browser and navigate to <a href="https://registration.its.bethel.edu">https://registration.its.bethel.edu</a>>

If you have connected your device to Bethel-Guest without registering it, you will need to wait at least 24 hours before registering your device.

- 2. Type in your username and password in the appropriate fields and click Sign on.
- 3. This will pop up the page titled manage devices. Click add to add a new device.

	Welcome jua92784 👻							
UNIVERSITY	ices Portal							
Manage Devices								
Need to add a device? Select Add. Was your device lost or stolen? Select your device from the list to manage it.								
Note "Pending" is the normal state, and indicates the device has access to the network.								
Ν	umber of registered devices:0/10							
	Refresh	Add						
N	lanage Devices (0)							
	Filter items							

- 4. After that, choose what you would like to call your device.
- 5. In the text box labeled MAC address, type in the MAC address of your device and click add Submit.

	Note: The MAC address can be found in the network setting on most devices or as a physical sticker on the device
_	somewhere. Sometimes it is labeled as WiFi address. The format is always the same-6 pairs of letters and numbers separated by
	colons or hyphens (e.g., 0a:1b:2c:3d:4e:5f or 0a-1b-2c-3d-4e-5f)

- 6. Once the device has been registered you can see it in the list of managed devices. You will know that it is connected if you see **Pending** next to the device.
- 7. Connect the device to Bethel-Guest and enjoy the Bethel network.
